STAND STRAIT® TREE DRILLING SYSTEM

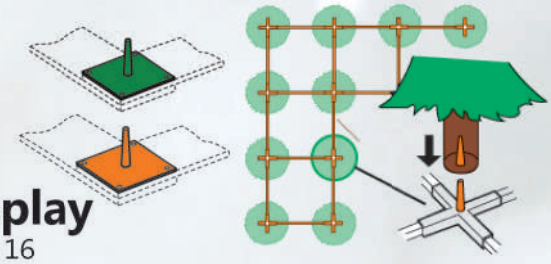

THE STAND-STRAIT® CHRISTMAS TREE MERCHANDISING SYSTEM

STAND-STRAIT® is the orginal modern technique of erecting Chritmas trees so that they automatically stand straight and true, both on the dealer's lot and in the customer's home. The STAND-STRAIT® system consists of a drilling machine (pages 14-15), a variety of display pins for the retail lot (page 16) and residential stands for home use (pages 18-19). The drilling machine drills a tapered vertical hole in the butt of each tree so that it automatically stands straight. The system is simple, inexpensive and has been used for decades by Christmas tree retailers all across the U.S.A. By using the STAND-STRAIT® system a dealer benefits in several ways. First, every tree on the lot can be displayed individually so customers can view them without lifting, turning or handling them. Second, the overall tree display can be arranged with maximum flexibility, either in rows or like a mini forest. Third, the sale of STAND-STRAIT® tree stands for home use produces additional profits. Lastly, the whole system serves to create customers returning year after year to purchase a drilled tree for their pin stand.

CLAMP RING MACHINES

Clamp Machine Table

WM324 Universal metal table with 32" x 48" top work area.

- Table base mounts to clamp machine (sold separately).
- Fits both the Original & No Hammer clamp machines.

Price: $435.00

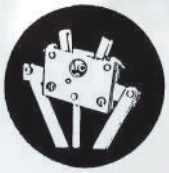

Clamp machine table (WM324) is sold separately.

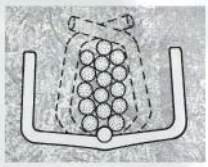

Original Clamp Machine

WM320

- Finished clamp has a higher profile.
- Proven reliability and durability.
- The industry standard for many years.

Price: $265.00

This was the first clamp machine produced and has been the standard in the wreath industry for years. Adjustable jaws allow it to work well with all ring sizes. Wreath materials are stacked in a vertical fashion to match the finished clip shape of the Original clamp machine. Stacking materials prior to placement in the clip assures they will be tighly clamped to the ring. This machine creates a high profile clip when it clamps the clips closed. Some wreath producers hammer clips down after being closed with the machine.

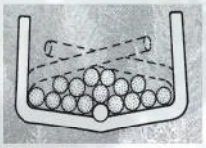

No Hammer Clamp Machine

WM400

- Clamps tightly.
- Closes and flattens in one step.
- No more hammering.
- Designed for evergreen wreaths and dried craft wreaths.

Price: $255.00

Wreath materials are placed horizontally to match the finished clip shape. This is similar to the method used when hand-tying wreaths on double rail flat rings. Horizontal placement assures the tightest clamp and allows enough material to create a full wreath. The No Hammer clamp machine produces a flat profile and eliminates any need for hammering clips closed.

TREE PACKING BALERS

Ease of Handling **Reduced Labor** **Customer Convenience** **Better Lot Service**

These balers allow easier handling of trees on the lot or in the field. You also pass the convenience on to satisfied customers who can transport trees home easily even in the smallest cars. Tree balers must be mounted to a table top work area including a picnic table, work bench, or steel floor base. A tabletop base comes with each baler, while the floor base is sold separately. To determine which size netting a baler requires, measure the exit side of the baler from point to point (outside dimaeter). Then match the baler size with the netting size on the next page. Balers come complete with retainer ring.

BN318 18-Inch Baler
This tabletop baler packages smaller trees tightly. Weather resistant purple poly construction. Use 18" netting.
Each: $350.00 (37 lbs.)

BN322 22-Inch Baler
Excellent choice for a first baler. Handles most avaerage size trees. A folding lower jaw makes changing cartridges easier. Weather resistant red poly contruction. Use 22/23" netting.
Each: $360.00 (57 lbs.)

BN326 26-Inch Baler
Designed for tall or wide bottom trees. An excellent choice for a second baler. A folding lower jaw makes changing cartridges easier. Weather resistant green poly construction. Use 26" netting.
Each: $425.00 (50 lbs.)

Custom Made Balers
Custom made sizes available from 8"-10". Call for pricing.
800-233-2958

TREE BALING ACCESSORIES (not shown)
BNRR18 - 18" Retainer Ring Each: $13.50
BNRR22 - 22" Retainer Ring Each: $13.50
BNRR26 - 26" Retainer Ring Each: $13.50

BNSSCS - Stainless Steel Clip Set
Each: $61.50/set

Steel Floor Bases
Tree balers must be mounted securely to provide optimum support and stability when baling a tree.Order base size equivalent to baler size.

BN1822FB - Floor Base for 18" & 22" Balers
Each: $199.00 (56 lb.)

BN26FB - Floor Base for 26" Baler
Each: $235.00 (60 lb.)

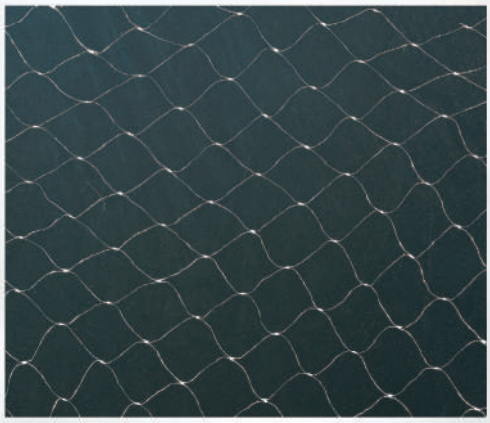

TREE PACKAGING: NETTING

Tip: If you do not know your baler size, measure on the back (exit) side of the baler from point to point (outside Diameter).
