COLORANTS

WWW.KIRKCOMPANY.COM

- Keep your trees looking green, healthy, and fresh throughout the Christmas selling season
- Years of research and development have resulted in true believable, natural colors that won't wash off or fade from weather or sunlight
- Non-toxic, environmentally safe, containing no heavy metals or mercury
- The following dilution rates are suggested, though the amount of water may be altered to obtain the desired shade of green
- Dilution rate: 1:30 Application Aug/Sept, prior to first frost will treat approximately 65 6/7' trees
Per Gallon 1:20 Application if later than Sept, will tree approximately 42 6/7' trees

PRO TREE STANDS

800-426-8482

What a time saver! Display Christmas Trees with the high quality, uniquely designed Pro Tree Stand. In minutes you can give your trees additional weeks of beauty and longevity because of the large water capacity. And in just seconds your tree can be easily straightened for a perfect presentation.

- All steel, forest green powder coated construction
- No sharp edges on the base to gouge floors or snag carpets
- Equal 360° weight distribution for maximum stability
- Made in the USA

Pro Tree Stand

Place stand on tree with the small vertical wedge near center of tree trunk. Hammer in to secure.

Start the side screw by tapping/hammering it in and turn the hand crank till flush with tree

To straighten the tree: stand on "low" side, step on the base ring and push the tree away from you

KIRK 100+ Years and Growing
 Tree Life™ Family of Products

SUSTAINABILITY

800-426-8482

Environment:

- 1 acre of trees consumes 1 ton of CO2 per year
- 1 acre of trees produces enough oxygen for 18 people daily
- More trees are planted than harvested each year
- Trees are recyclable - as mulch, wild life habitat, or for wild land fire training
- Integrated Pest Management - protecting people and the environment

Economic Vitality:

- All the real trees used in North America are grown in North America
- 85% of fake trees are manufactured in China
- 100,000+ people are employed on tree farms

Community:

- We work with Adult & Teen Challenge. They are a faith-based organization for people in addiction recovery. They work on our farms and in our retail partner's tree lots to merchandise. We supply trees and support Adult & Teen Challenge with their tree lots, which is their best fundraiser activity all year.

Real Christmas Trees are Sustainable: 100% Recyclable and Biodegradable

One acre of trees provides enough oxygen for 18 people annually
 Real trees are grown on farms, for each tree harvested,
 2 more trees are planted
 Real Christmas trees convert CO2 into oxygen
 and help mitigate erosion
